PCPDX VISION

Who We Are As A Collective!

- Photo Club PDX was birthed from the desire to bring together photographers of varying interests, experience, and backgrounds, to create a community of consistent face to face connection with perpetual personal and photographic growth, all the while engaging in regular unnecessary creativity.
- Photo Club PDX is here to cultivate a rich environment to spark, feed and nurture passion. Smaller focus groups sprout to life from the larger collective, giving everyone an extensive and dynamic community to glean inspiration from.
- Photo Club PDX is a place for exploring personal photographic dreams; whether outlandish, new and vulnerable or a continuing pursuit, this exploration keeps the community fresh and endless with opportunity.
- Photo Club PDX is diverse community of digital and film photographers possessing the desire to explore ideas, get feedback and learn from one another. This interest in artistic creativity keeps passion alive and fresh in our continuously busy lives.
